

## *Why I love to read...*

*By Maddi Vetter*

*Why I love to read? Gosh the list could go on forever! Reading takes my mind off things like my sisters and I disagreeing or nerves before a performance but most times I just read. I'm not Maddi when I read a book, I might be Max or Bella or Eve, the list is endless and sometimes I'm on the sidelines. I love thrillers and romance and horror and mystery and sci-fi and even stuff about Egypt, so there's no shortage of books for this reader! But, I've got favorite authors of course! Like R.L. Stein, Stephanie Meyer, Oris Johansen, James Patterson and so many more! Because of reading, I've been through the looking glass, inside wardrobes, on different planets, I've crawled and I've flown, and I've traveled the universe! When I read I can be anyone, go anywhere and do anything! Reading is my grand escape!*
